

## Nabelschau

Dear litUppers,

We have taken a look at many interesting themes: Fragen fragen, Rändliches, Rezept und Rezeption, strangers, jungle ..... For the tenth litUp, let's turn our focus back onto....ourselves!

What is your personal favourite text? Why is it so very special to you? What moment(s) does it evoke? Maybe you even have own texts that you have written and then hidden away in your kitchen drawer. Let's be brave. Let's dig them out and read them.
